### Victims receiving services

- Number of victims receiving services: 627,299 (97.2% of those seeking services).

Type of victimization	Victims/survivors served <sup>2</sup>	
	Number	Percent
Domestic violence	527,836	84.1%
Sexual assault	85,504	13.6%
Stalking	13,959	2.2%
Total	627,299	100.0%

### Reasons victims were not served

The following four top most barriers were noted by the subgrantees as reasons victims were not served or were only partially served:

- Did not meet eligibility or statutory requirements
- Services not appropriate for victim/survivor
- Program reached capacity
- Services inappropriate or inadequate for victims/survivors with mental health problems

<sup>2</sup> Includes partially served victims/survivors.

Of the 627,299 victims/survivors served during the 12-month reporting period, those who were served or partially served were most likely to be white (57.5%)<sup>3</sup>, female (89.6%)<sup>4</sup>, and between the ages of 25 and 59 (61.4%)<sup>4</sup>.

Demographics	Number of victims/survivors	Percent
<b>Race/Ethnicity<sup>3</sup></b>

### Number of victims receiving shelter services:

- 24,996 victims and 23,931 family members received a total of 855,505 emergency shelter bed days.
- 1,172 victims and 1,104 family members received a total of 250,522 transitional housing bed days.

### Protective orders:

- Of the protective orders for which victim services staff provided assistance, 159,878 were granted.

<sup>6</sup>Victims may have been abused by more than one offender and/or may have experienced more than one type of victimization, so the total for each victimization category may be higher than the total number of victims served in each of those categories. Percentages are based on the total number of known relationships in each victimization category.
