General Grant Information

Indicates a question is mandatory to proceed further

* 1. Grant information

Grantee name

Grant number

Your name

* 2. Current reporting period

January 1 - June 30

July 1 - December 31

3. What tribal population(s) is/are served by this grant?

Staff Information

- If Tribal Jurisdictions funds were used to support any staff answer **Question 4**.
 - Staff includes contractors, consultants, part-time or temporary staff, or overtime.
 - Answer **Question 5** only if staff was reported in the “Other” category.
- Convert time worked under the grant into **full-time equivalents** (FTEs).
 - FTEs should be prorated accordingly
 - Report by activity performed rather than job title

Staff – Calculating FTEs

Calculation based on 26 weeks or 1,040 working hrs in a six-month reporting period:

1.0 = (40 hrs/week, 1040 hrs/six months [40 hrs X 26 wks])

.50 = (20 hrs/week, 520 hrs/six months)

.40 = (16 hrs/week, 416 hrs/six months)

.25 = (10 hrs/week, 260 hrs/six months)

.10 = (4 hrs/week, 104 hrs/six months)

FTE = hours worked in the 6-month reporting period, divided by 1040

Calculating FTEs Example 1: Report grant-funded staff only

Your program's Tribal Jurisdictions grant was used to fund one full-time paralegal whose salary is 100% funded by the grant and another full-time paralegal whose salary is 25% funded by the grant.

- In this case, you would report only Tribal Jurisdictions Program funded personnel. The correct FTE under "Paralegal" would be 1.25 FTE (100%+25%).

Calculating FTEs Example 2: Report by job function, not title

During the reporting period, your program had one full-time program coordinator who spent half of his time coordinating victim services and half of his time providing services to victims.

- In this case, you would report .50 FTE under the "Program Coordinator" category and .50 FTE under the "Victim Advocate" category in "Other".

Calculating FTEs Example 3: Prorate FTEs

Four months into the reporting period, a full time Prosecutor was hired. In this case, you would need to pro-rate the FTEs to reflect two months of the six-month reporting period.

- The correct FTE under “Prosecutor” would be .33 FTE (2 months/6 months).

Calculating FTEs Example 4: Convert funding used for overtime, contractors, consultants into FTEs

Your program funded overtime hours for law enforcement officers. At the end of the reporting period, you determined through invoices that they provided 208 hours (8 hours overtime/week) of service.

- Report 0.2 (208 hours/1040 hours) under the “Law enforcement officer” category.

- **Partially served:** victims who received some, but not all, of the requested services funded under the Tribal Jurisdictions Program.
- **Not served:** victims who received none of the requested services funded under the Tribal Jurisdictions Program.

Question 24. Victims Served (cont.)

- When considering served, partially served, ask yourself this question:

“Did a primary victim of domestic/dating violence request (or accept) a grant-funded service”

- If the answer is “Yes”, report that victim in Question 24
- If the answer is “No”, do not report the victim in this section

Question 24. Victims Served (cont.)

- **When should a victim/survivor not be counted?**
 - If victim requested a service not funded under the grant.
 - If victim did not request or accept any services.
 - If victim was not a primary victim of domestic violence/dating violence, sexual assault or staking.

Victims Served: Example 1

- Your program offers crisis intervention, counseling, and civil legal advocacy/court accompaniment and these services are funded under your Tribal Jurisdiction grant.
- A victim comes to your organization and requests crisis intervention and emergency shelter. Emergency shelter is not funded under your grant. You provide the victim crisis intervention and refer her to a local emergency shelter, where she is put on a waiting list.

Victims Served: Example 1 (cont.)

- You would report the victim as fully served because you provided crisis intervention – a grant-funded service.
 - Even though the victim requested two services, you would only consider the grant-funded services when determining how to report this victim.

Victims Served: Example 2

- Your program offers crisis intervention, counseling, and civil legal advocacy/court accompaniment and these services are funded under your Tribal Jurisdiction grant.
- A victim comes in and asks for crisis intervention and court accompaniment services. You are able to provide her with crisis intervention, but on the day the client needs court accompaniment the advocate is busy and unable to provide that service.

Victims Served: Example 2 (cont.)

- Since the victim received *some*, but not all, of the Tribal Jurisdiction grant-funded services she requested, you will report her as **partially served**.

Victims Served: Example 3

- Your program offers crisis intervention, counseling, and civil legal advocacy/court accompaniment and these services are funded under your Tribal Jurisdiction grant.
- A victim comes in and asks for counseling services but she is placed on a waiting list and is still on the waiting list at the end of the reporting period.

Domestic/dating violence victims served or partially served	<input type="text"/>	<input type="text"/>	<input type="text"/>
