

Section D: Victim Services

- **Question 32 perception of risk of violence upon exit**
 - Only record perceptions of risk of violence for the victims that exited transitional housing and were reported in q.31
 - Total responses should equal the total number of victims reported in q.31
 - Do not report for terminated victims

Section D: Victim Services

- **Question 33 length of stay/exited**
 - Report the length of stay for victims reported as exiting under q.31
 - The total responses for q.33 should equal the total number of victims reported as exiting under q.31

Section D: Victim Services

- **Question 34 reason for termination and destination upon termination**
 - Report the number of victims that were terminated from transitional housing funded housing
 - Do not report victims that were terminated from housing that was not funded by Transitional Housing program funds
 - Report the destination of victims and the reason for termination
- **Question 35**
 - Report the length of stay for victims reported as terminated under q.34.
 - The total responses should equal the total number of victims terminated under q.34

Section D: Victim Services

- **Question 36 & 37 follow up services**
 - Report all follow-up support services provided with grant funds after victims exit or are terminated from transitional housing
 - A victim, child, or other dependent may be counted only once under each type of service event if they received that service more than once during the current reporting period

Tips for Successful Data Reporting

- Read the grant-specific “Reporting Form Instructions” pdf found on our website
- Be specific if you use the “other” category
- Use optional narrative questions to discuss successes, provide more detail, or explain data
- Do not use acronyms or abbreviations
- Do not include extra documents as a way to report data
