SEMI-ANNUAL PROGRESS REPORT FOR

**Enhanced Training and Services to End Violence
and Abuse of Women Later in Life Program**

Brief Instructions: This form must be completed for each Enhanced Training and Services to End Violence and Abuse of Women Later in Life Program (Elder Grants Program) grant received. The grant administrator or coordinator must ensure that the form is completed fully with regard to all grant-funded activities. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer, based on the activities engaged in under this grant during the current reporting period. Sections B and E of this form must be completed by all grantees. In section A, subsection A1 must be completed by all grantees. In section C, subsection C2 must be completed by all grantees. In section D and subsections A2, C1, C3 and C4, grantees must answer an initial question about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

The activities of volunteers or interns should be reported if they were coordinated or supervised by Elder Grants Program-funded staff or if Elder Grants Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions, which contain detailed definitions and examples, illustrating how questions should be answered.

30B. Shelter services

(Report the number of victims/survivors and accompanying family members who received emergency shelter and /or transitional housing provided with Elder Grants Program funds during the current reporting period. This should be an unduplicated count for both victims/survivors and for family members. This means that each victim survivor and each family member who received shelter services during the current reporting period should be counted only once. Report the total number of bed nights provided in emergency shelter and /or transitional housing to victims/survivors and family members. The number of bed nights is computed by multiplying the number of victims/survivors and family members by the number of nights they stayed in the shelter. The number of bed nights will typically be significantly higher than the number of victims/survivors and family members. For example, one victim and her three children all stayed in the shelter for 10 nights. The number of bed nights would be 4 multiplied by 10, or 40.)

Shelter service	Number of victims/survivors	Number of family members	Number of bed nights

Victims/survivors who receive services such as crisis intervention or victim advocacy over the telephone, in addition to basic hotline information and/or referrals, should also be reported in question 30A. Hotline calls that include victim advocacy or crisis intervention services are those that require more time than the average call and involve a more intensive focus on the immediate needs and situation of the victim. For examples of when to report only the hotline call and when to report both the hotline call and a service or services in question 30A, see separate instructions.)
