

SEMI-ANNUAL PROGRESS REPORT FOR

Grants to Tribal Governments to Exercise Special Domestic Violence Criminal Jurisdictions Program (Tribal Jurisdiction Program)

Brief Instructions: This form must be completed for each Grants to Tribal Governments to Exercise Special Domestic Violence Criminal Jurisdictions Program (Tribal Jurisdiction Program) grant received. The grant administrator or coordinator must ensure that the form is completed. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer, based on the activities supported under this grant during the current reporting period. All mandatory questions are marked with an asterisk (*). Following are some guidelines regarding which sections of the form must be completed by Tribal Jurisdiction Program grantees:

- All grantees must complete sections A, B, C, and M.
- For all other sections, grantees must answer an initial question about whether they supported certain activities during the current reporting period. If the response is yes, then the grantee must complete that section. If the response is no, the rest of that section or subsection is automatically skipped.

For example, if your agency provided training and victim services with staff funded under this grant, you would complete section A, B, C, D, F, and M (and select “No” for the first question in sections E, G, H, I, J, K, and L).

The activities of volunteers or interns should be reported if they were coordinated or supervised by Tribal Jurisdiction Program-funded staff or if Tribal Jurisdiction Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions, which contain detailed definitions and examples illustrating how questions should be answered.

Complete this section if Tribal Jurisdiction Program funds were used to provide victim services during the current reporting period. Report all victims served, and services provided with Tribal Jurisdiction Program funds, whether by a victim services agency or by staff providing victim services within law enforcement, prosecution, or the court system in this section.

Report how many domestic/dating violence victims were served during the current reporting period. Each victim who sought and/or received services should be counted only once in a reporting period.

24. Number of victims served, partially served, and victims seeking services who were not served

Domestic/dating violence victims

Served: Victims who received the service(s) they requested, if those services were funded by your Tribal Jurisdiction Program grant

Partially served: Victims who received some service(s), but not all of the services they requested, if those services were funded by your Tribal Jurisdiction Program grant

Victims seeking services who were not served: Victims who sought service(s) and did not receive the service(s) they requested, if those services were funded by your Tribal Jurisdiction Program grant

25. Of domestic/dating violence victims served or partially served as reported in the previous question, how many received services related to additional victimizations? For the next question: For each victim reported as served or partially served during this period, report the number of victims who began receiving Tribal Jurisdiction Program-funded services during the current reporting period. If this is your first time using the grant funds to provide victim services, then all victims reported as served or partially served should be reported as new. If the victim has been counted as served or partially served in a previous reporting period do not include them here, even if the victim sought services for a new victimization.

26. Number of new victims served and partially served during the current reporting period

Section M. Additional Narrative Information

*71. Progress toward project goals

All Tribal Jurisdiction grantees are required to submit a separate document (in Word or PDF format) detailing the progress they made towards their project goals and objectives. This document should list your project goals and objectives, the status of each, and key activities for each that occurred during the reporting period. There are no formal requirements for what this document should look like.

Grantees are required to upload the completed document as a second attachment in their JustGrants account.

This is mandatory and your progress report is not considered complete without this second document!

*72. What do you see as the most significant areas of remaining need, with regard to implementing special domestic violence criminal jurisdiction, serving victims and keeping them safe, and enhancing offender accountability?

*73. What has the Tribal Jurisdiction Program funding allowed you to do that you could not do prior to receiving this funding?

74. Provide any additional information that will help explain or clarify any of the data you reported elsewhere in this form.

Thank you for completing your progress report!
