

Transitional Housing Program Reporting Instructions

The Violence Against Women Act of 2000 requires grantees to report on the effectiveness of activities carried out with grant funds. To meet this Congressional reporting requirement and the requirements of the Government Performance and Results Act, the Office on Violence Against Women (OVW) requires all grantees to report data related to their OVW funded activities. Grantees should answer questions based on the activities engaged in under this grant during the current reporting period.

This document details the Semi-Annual Performance Report questions and instructions for the Transitional Housing Assistance Grant Program (Transitional Housing Program). The performance report is due to OVW in JustGrants within 30 days of the end of the current reporting period (for the period ending June 30, the deadline is July 30; for the period ending December 30, the deadline is January 30). The performance report data will first be entered by the grantee into an online, interactive performance reporting form in the VAWA IMPACT Tool. Once the report has been completed online, the tool will generate a PDF for the grantee to download and submit into JustGrants.

All grantees should read each section to determine which questions must be answered based on the activities engaged in under the grant during the current reporting period. Optional sections begin with a question that asks if Transitional Housing Program funds were used to support the respective activities during the current reporting period. If grant funds were not used for an activity during the 6-month reporting period, the grantee should select “no.” If the response is no, the rest of that section or subsection is skipped.

All information should reflect activities for the current reporting period only. The activities of volunteers or interns may be reported if they are coordinated or supervised by Transitional Housing Program grant-funded staff or if Transitional Housing Program funds substantially support their activities. If a grantee has not been able to collect or report data as requested on the performance reporting form, please discuss this in the last question within the Narrative section.

For performance report related questions, call, email or visit the website of the VAWA Measuring Effectiveness Initiative (VAWA MEI).

- **VAWA MEI phone:** 1-800-922-8292
- **VAWA MEI email:** vawamei@maine.edu
- **Website:** vawamei.org

For grant related questions, please contact your OVW program specialist at 1-202-307-6026 (TTY: 202-307-2277).

For JustGrants account related questions, please contact JustGrants.

- **JustGrants OVW Support phone:** 866-655-4482
- **JustGrants OVW support email:** OVW.JustGrantsSupport@usdoj.gov
- **JustGrants Support website:** <https://justicegrants.usdoj.gov/user-support>

General Information

This section is required. All grantees must complete this section.

1. Date of report

Enter the date this form is completed.

2. Current reporting period (6-month)

Select either "January to June" or "July to December" based on the reporting period for which this report is being completed.

Current reporting period year (4-digit year)

Enter the year for the 6-month reporting period being covered.

A new reporting form must be filled out for each reporting period.

3. Grantee name

Enter the "Entity Legal Name" and "Doing Business As" name (if different) that can be found at the top of your JustGrants Funded Award Page.

EXAMPLE:

University of Maine System dba Cutler Institute

4. Grant number

Enter the federal grant number assigned to your OVW program grant. This number can be found at the top of your JustGrants Funded Award Page.

This number, also called your Award Number, can be found at the top of your JustGrants Funded Award Page. Please enter the grant number exactly as it appears, including dashes.

Examples: 15JOVW-12-GG-12345-PROG or 2000-XX-ZZ-1234

If you have multiple active OVW program grants, please enter the grant number associated with the Program grant you are reporting on in this form.

5. Type of performance report

Indicate if this is a regular performance report or the final performance report for the grant award being reported on.

6. Point of contact

Provide the name, agency name, mailing address, telephone number, and e-mail address for the contact person responsible for the day-to-day coordination of the grant. This person should understand what the grant funds were used for and should be familiar with the performance reporting information submitted.

7. Is this a faith-based organization?

Indicate whether the grantee is a faith-based organization.

8. Is this a culturally-specific community-based organization?

Indicate whether the grantee is a culturally-specific community-based organization. A culturally-specific community-based organization is one that:

- Has a focus on any underserved population, i.e., has as its primary mission to address the needs of an underserved population or has developed a special expertise regarding a particular underserved population;
- Is not merely providing services to an underserved population, but is providing culturally competent services designed to meet the specific needs of that population;
- At a minimum, has some expertise or demonstrated capacity to work effectively on domestic violence, dating violence, sexual assault, or stalking or acquires that expertise through collaboration with another entity.

9. Does this grant specifically address and focus on Tribal populations?

Select “yes” if the Transitional Housing Program specifically focuses on Tribal populations and indicate which tribes or nations the grantee agency serves or intends to serve. Report only on tribes or nations intentionally served. Do not include a tribe or nation if they are served incidentally by the program.

EXAMPLE 1:

A victim services organization is located on the Nez Perce reservation. There are members of over a dozen other tribes living on the reservation, and the grantee provides services to anyone who lives on the reservation that needs services. Select “yes” and report that the grant specifically addresses and focuses on the Nez Perce tribe, but do not report other tribes whose members reside on the reservation.

EXAMPLE 2:

A grantee agency used Transitional Housing Program funds to provide training events for law enforcement in a non-Tribal area. Police from a nearby reservation attend a training event. This training did not address Tribal codes, nor was there an intention to specifically train Tribal police, even though they are welcome to attend the training. Select “no” because the grant does not specifically address or focus on Tribal populations, even though Tribal populations are welcome to attend Transitional Housing Program-funded activities offered.

10. Does your grant support the creation of products in languages other than English or provide services in languages other than English?

Select “yes” if the agency used Transitional Housing Program funds to provide services or products in languages other than English. Selecting “yes” will prompt the grantee to list out any languages. Please be specific and name the relevant languages. Select “no” if the agency does not use Transitional Housing Program funds to provide services or products in languages other than English.

11. What percentage of your Transitional Housing Program grant was directed

to each of these areas?

Report the area(s) addressed by the Transitional Housing Program grant during the current reporting period and estimate the approximate percentage of funds (or resources) committed to each area. This question is required even if the grantee was not able to spend grant funds during the reporting period. The grantee may choose how to calculate this. Grantees should consider training, staff time, victims services, etc. when determining how to calculate the percentage of funds directed to each area.

EXAMPLE:

A victim services agency receives Transitional Housing Program funding to offer legal advocacy services for victims/survivors of sexual assault and domestic violence. During the current reporting period approximately 25% of the Transitional Housing funded clients are sexual assault victims/survivors and the rest are victims/survivors of domestic violence. If all services received are approximately the same to all clients, one could estimate that approximately 25% of the project's funds are directed to sexual assault and 75% to domestic violence. If the services received by domestic violence victims/survivors are more comprehensive than those received by sexual assault victims/survivors, the percentage of funds directed to domestic violence would be greater.

DEFINITION: Victimization categories

- **Sexual assault:** Any nonconsensual sexual act proscribed by Federal, Tribal, or State law, including when the victim lacks capacity to consent.
- **Domestic violence:** Includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction and includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim, is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner, shares a child in common with the victim or who commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.
- **Dating violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship is determined by the length of the relationship, the type of relationship, and the frequency of interaction between the people involved in the relationship.
- **Stalking:** A course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

Staff

1. Were Transitional Housing Program funds used to fund staff time (at your agency, at a partner agency, contractors, or stipends) during the current reporting period?

Select “yes” if Transitional Housing Program funds were used to pay for staff salary/wages. Transitional Housing Program-funded staff may be located at an agency other than the grantee agency. Also consider all stipends and contracted staff.

2. Staff

Report the number of full-time equivalent (FTE) staff funded under this grant during the current reporting period. Report staff by function(s) performed, not by title or location. Include employees who are part-time and/or only partially funded with these grant funds as well as consultants/contractors. FTEs are reported in decimals, not as percentages.

Report grant-funded overtime. If an employee or contractor was employed or utilized for only a portion of the reporting period, prorate appropriately. Report all FTEs in decimals, not percentages. If staff members fall into two or more categories of job descriptions, divide their time as appropriate. One FTE is equal to 1,040 hours—40 hours per week multiplied by 26 weeks.

What is an FTE?

An FTE (full-time equivalent) is the unit of measurement used to report the hours worked by Transitional Housing-funded staff. A 100% Transitional Housing Program-funded staff person who worked full time for the entire 6-month reporting period will be reported as 1.00 FTE.

Prorating FTEs

FTEs must be prorated whenever grant funds paid for a portion of a staff person’s time, a contractor, stipend, and when staff are hired partway through the reporting period. Any staff time that represents less than a full-time person working the entire reporting period and paid entirely with Transitional Housing Program funds should be prorated to reflect the portion directly supported with Transitional Housing Program funds.

What is 1.00 FTE at your agency?

If the Transitional Housing Program-funded agency considers 40 hours per week to be full-time, then 1.00 FTE is equal to 1,040 working hours in a 6-month reporting period: 40 hours per week multiplied by 26 weeks. If the grantee agency considers something other than 40 hours to be full-time, determine how many hours per week is considered full-time and multiply that number of hours by 26 weeks. This will be the total number of hours in a 6-month reporting period for 1.00 FTE.

EXAMPLE 1:

If the Transitional Housing Program-funded agency considers 35 hours per week to be

full-time, then 1.00 FTE is equal to 910 working hours in a 6-month reporting period: 35 hours per week multiplied by 26 weeks.

EXAMPLE 2:

If the Transitional Housing Program-funded agency considers 37.5 hours per week to be full-time, then 1.00 FTE is equal to 975 working hours in a 6-month reporting period: 37.5 hours per week multiplied by 26 weeks.

Choosing a Staff Category

Report staff by function/activity performed, not by job title or location of the employee. If a staff member spends their Transitional Housing Program-funded time conducting different types of activities, separate their FTE value into those different staff categories. First calculate the total FTE of that staff person based on how many Transitional Housing-funded hours they worked each reporting period. Then split up their FTE into the staff categories by estimating the percentage of their time performing each job function.

Staff Category Functions Defined

- **Administrator:** Staff time spent in administrative positions including, but not limited to financial manager, executive director, and shelter manager.
- **Attorney (does not include prosecutor):** An attorney or lawyer who is legally acting on behalf of a victim/survivor. Activities conducted by a Transitional Housing Program-funded attorney will be captured in the Victim Services and Legal Services Sections.
- **Case Manager:** A person who works with victim/survivors to ensure that all agreed upon goals are completed in a reasonable timeframe.
- **Child advocate:** A person who provides support and assistance on behalf of the children of victims/survivors. This may include facilitating a support group, one on one support, play therapy, assistance with school placement, or other needs of a child.
- **Counselor:** Professional counselors or peer counselors who provide emotional support, guidance, problem solving, etc. to victim/survivors. Transitional Housing Program-funded counseling activities will be captured in the Victim Services Section.
- **Information technology staff:** Staff conducting activities related to technology maintenance, such as building or maintaining computer infrastructures of the company, assisting users with computer and software issues, handling software updates and license renewals and technology contracts, ensuring compliance with quality standards, or overseeing data storage.
- **Legal advocate (does not include attorney or paralegal):** A staff person who assists victims with civil or criminal legal issues including preparing paperwork for protection orders; accompanying a victim to a protection order hearing, administrative hearing, or other civil proceeding; and all other advocacy activities within the civil justice system. This category does not include the work of attorneys, paralegals, or governmental victim advocates (i.e., victim assistant/victim-witness coordinator) or non-governmental victim advocates. These Transitional Housing

Program-funded activities will be captured in the Victim Services Section.

- **Outreach staff:** Staff time spent conducting unsolicited outreach to victim/survivors to inform them about services available to them.
- **Paralegal:** Staff assigned tasks by attorneys/lawyers, such as to review and organize client files, conduct factual and legal research, prepare documents for legal transactions, draft pleadings and discovery notices, interview clients and witnesses, and assist at closings and trials. Generally, paralegals may not advise clients or represent clients in court, take depositions, or sign pleadings. Activities conducted by a Transitional Housing Program-funded paralegal will be captured in the Victim Services and Legal Services Sections.
- **Program coordinator:** Staff time spent coordinating specific aspects of the program. This category includes staff functioning as a training coordinator, a prevention/education coordinator, a victim services coordinator, and/or as a legal services coordinator.
- **Security staff:** A person who provides for the security of the agency or visitors/clients of the agency.
- **Support staff:** Staff time spent conducting activities related to administration assistance, bookkeeping, accountant tasks, and/or receptionists' tasks.
- **Translator/interpreter:** Staff who translate or interpret from one language to another for victims who are receiving services. Transitional Housing Program-funded translation and interpretation services provided to victims will be captured in the Victim Services Section.
- **Victim advocate:** Staff time spent supporting a victim with accessing needed resources or services, providing crisis intervention and safety planning, and providing support during medical exams. These Transitional Housing Program-funded activities will be captured in the Victim Services Section.
- **Other (specify):** Responses in the "Other" category should be very specific. Responses such as graduate assistant, contractor, and consultant are not valid, since they do not specify the function performed by the staff person. Some acceptable "Other" category entries include "data analyst" and "evaluator."

FTE Calculation Examples

EXAMPLE 1:

If you have one full-time receptionist whose salary is 100% funded with Transitional Housing Program funds and a full-time bookkeeper whose salary is 25% funded with Transitional Housing funds, report 1.25 FTE under support staff.

EXAMPLE 2:

A staff member, whose salary is 100% funded with Transitional Housing Program funds, spends approximately 20 hours a week coordinating the victim services program, 16 hours providing victim advocacy, and 4 hours collecting and analyzing evaluation data. Report as 0.50 under "program coordinator", 0.40 under "victim advocate", and 0.10 under other as "evaluator."

EXAMPLE 3:

During the six-month reporting period, an employee was hired to work full-time and worked only during the last three months of the reporting period. In this case, you would need to pro-rate the FTEs to reflect three months of the six-month reporting period. The correct FTE for that staff person would be 0.50 FTEs, or 3 months/6 months.

EXAMPLE 4:

If you contracted with an information technology specialist for full-time services for two months during the reporting period, report that person as “Information technology staff”, 0.33 FTEs, or 2 months/6 months.

EXAMPLE 5:

A staff member works 20 hours a week. The staff member spends 10 hours a week coordinating the victim services program, and 10 hours providing victim advocacy. Report this as 0.25 under “program coordinator”, and 0.25 under “victim advocate.”

3. Please describe how staffing impacted your ability to implement your grant-funded activities.

Use the space to discuss all the ways in which this question applies to your agency’s program-funded activities. Staffing issues may include but are not limited to vacancies or unfilled positions, extended leaves or absences, high turnover or staff resignations, delays in recruitment and hiring, lack of trained or qualified staff, and reductions in staffing due to budget shortfalls that made it challenging to implement grant-funded activities. Conversely, staffing may have positively impacted your ability to serve more victims, expand outreach programs, or train more professionals.

Responses must be limited to 2,000 characters.

Coordinated Community Response

All grantees must complete this section.

1. Coordinated community response (CCR) activities

In the first column, select all agencies/organizations that you provided Transitional Housing Program-funded referrals to/received from, met with, or engaged in consultation with during the current reporting period. If Transitional Housing Program-funded staff participated in a task force or work group, check all attendees. In the second column, indicate the agencies or organizations with which you have a mandatory collaboration for purposes of your grant (MOU partner).

2. Discuss the effectiveness of CCR activities funded or supported by your Transitional Housing Program grant and provide any additional information you would like to share about your CCR activities beyond what you have provided in the data above.

Some examples of topics that could be addressed here include:

- What relationships with other agencies/organizations is the Transitional Housing Program-funded agency trying to improve or enhance?
- What changes is the grantee hoping to see within the community because of coordinated community response efforts?
- What systemic issues have been identified as areas for improvement in this community?

Responses must be limited to 2,000 characters.

Policies

1. Were Transitional Housing Program funds used to develop, substantially revise, or implement policies or protocols or to develop or promote State, local, or Tribal policies during the current reporting period?

If Transitional Housing Program funds were used to develop, substantially revise, and/or implement policies or protocols, or to develop or promote State, local, or Tribal policies during the current reporting period, select “yes.” This includes if Transitional Housing Program-funded staff worked directly on these activities.

2. Type of organizations/agencies in which policies or protocols were developed, substantially revised, or implemented

Check all the organizations/agencies in which policies or protocols were developed, substantially revised, or implemented using Transitional Housing Program funds during the current reporting period.

3. Describe the protocols and/or policies developed, substantially revised, or implemented with Transitional Housing Program funds during the current reporting period.

Some examples of topics that could be addressed here include:

- What successes and challenges/barriers have the grantee experienced when developing, revising, or implementing policies/protocols?
- What systemic issues are being addressed with the newly developed, revised, or implemented policies/protocols?

Responses must be limited to 2,000 characters.

Victim Services

In this section, only provide information that represents victims who accepted and/or requested Transitional Housing Program-funded services during the 6-month reporting period. Victim services are typically provided by Transitional Housing Program-funded staff or are services that grant funds directly paid for. Report all Transitional Housing Program-funded victim services provided, including housing services as well as victim services provided by legal services agencies, victim services agencies, or by staff providing victim services within the law enforcement, prosecution, or court system.

If funds are used to support Transitional Housing Program-funded paralegals or attorneys, report the victims that accepted and/or requested Transitional Housing Program-funded legal services in the Victim Services Section and then report the legal services they received in the Legal Services Section.

If funds are used to support Transitional Housing Program-funded housing, report the victims that accepted and/or requested Transitional Housing Program-funded housing services in the Victim Services Section and then report the housing services they received in the Housing Units Section.

1. Were Transitional Housing Program funds used to provide victim services (including housing services and/or legal services provided by an attorney or paralegal) during the current reporting period?

Select “yes” if Transitional Housing Program funds were used to support victim services during the current reporting period. If the grantee funded a victim assistant or victim-witness coordinator within the law enforcement, prosecution, or court system, select “yes” and complete the Victim Services Section to capture that staff’s Transitional Housing Program-funded work.

2. Number of victims/survivors served, partially served, and not served

Report the number of victims who were served, partially served, and not served with Transitional Housing Program funds during the current reporting period. Report an unduplicated count. This means that each victim who requested or received services during the current reporting period should be counted only once in that reporting period. Report victims in each reporting period that they request services. Do not report secondary victims in this question. Secondary victims will be reported in Victim Services Question 6.

DEFINITION: Served, Partially Served, and Not Served

When determining how to report a victim, consider their choice in accepting or receiving a Transitional Housing Program-funded service. Please reach out to your OVW Program Manager if you have any questions around who can receive Transitional Housing Program funded victim services or any general questions about allowable activities with your grant.

- **Served:** A victim/survivor should be reported as served if they requested and/or accepted grant-funded services and the program was able to provide all of those services.

- **Partially Served:** A victim/survivor should be reported as partially served if they accepted and/or requested grant-funded services and the program was able to provide some, but not all, of those services.
- **Not Served:** A victim/survivor should be reported as not served if the program could not provide any of the grant-funded services that the victim accepted and/or requested.

DEFINITION:

- **Primary victim:** The sexual assault, domestic violence, dating violence, or stalking was experienced by the primary victim.
- **Unduplicated count:** Each victim who requested or received Transitional Housing Program funded services during the current reporting period should be counted only once in Victim Services Question 2 (regardless of how many different times they were served during the reporting period). It is possible for a victim to be fully served at one point during the reporting period and then have their status change to partially served due to requesting additional services that they only partially received.

EXAMPLE:

A victim requested criminal justice advocacy from the Transitional Housing Program-funded victim advocate at the beginning of the reporting period, and then the same victim came back at the end of the reporting period and requested legal assistance from the Transitional Housing Program-funded attorney. The grantee was able to provide both services. Although this victim received two different Transitional Housing-funded services, the grantee will only count that victim once as served in Victim Services Question 2.

The partially served and not served categories generally have to do with issues within your program that keep you from providing grant-funded services to a victim/survivor who requests those services. If a victim/survivor chooses to discontinue services once they have begun receiving them, then the victim should be reported as “served.” The same is true if a victim/survivor moves, even if they do not inform you, and they are unable to complete the services. When determining whether a victim/survivor is served, partially served, or not served, do not consider services the victim/survivor declined, unless the victim requested a service but found the program rules unacceptable.

When are victims not counted on the form?

Do not report a victim on this form if they:

- Did not request or accept any Transitional Housing Program-funded services that they were offered/were eligible to receive;
- Only accepted and/or requested services that were funded by a different funding stream; or
- Are not a primary victim of sexual assault, domestic violence, dating violence, or stalking.

EXAMPLE 1: Served

A victim was accepted into your transitional housing program and is living in a unit that is financially supported by the Transitional Housing Program grant. This victim requested grant-funded counseling services from your agency during the reporting period. The agency's grant-funded counselor was able to begin providing those grant-funded services during the reporting period. Report this victim as "served" because the victim received all the Transitional Housing-funded services they requested during the reporting period.

EXAMPLE 2: Served

A victim was accepted into a transitional housing program and is living in a unit that is financially supported by another funding source. This victim requested Transitional Housing Program-funded counseling services from your agency during the reporting period. The agency's grant-funded counselor was able to begin providing those grant-funded services during the reporting period. Report this victim as "served" because the victim received all the Transitional Housing Program-funded services they requested during the reporting period.

EXAMPLE 1: Partially Served

A victim was accepted into a transitional housing program and is living in a unit that is financially supported by the Transitional Housing Program grant. This victim requested grant-funded counseling services from your agency during the reporting period. The victim stated that they would only be able to meet with the counselor on Sundays, but the agency's grant-funded counselor does not work on Sundays. Your agency instead provided the victim with a referral to another agency to receive counseling. Report this victim as "partially served" because the victim received some, but not all, of the Transitional Housing Program-funded services they requested during the reporting period.

EXAMPLE 2: Partially Served

A victim was accepted into a transitional housing program and is living in a unit that is financially supported by another funding source. This victim requested grant-funded case management and grant-funded counseling services from your agency during the reporting period. The agency is able to provide the grant-funded case management, but the agency's grant-funded counselor has a waitlist, and your agency instead provided the victim with a referral to another agency to receive counseling. Report this victim as "partially served" because the victim received some, but not all, of the Transitional Housing Program-funded services they requested.

EXAMPLE 1: Not Served

A victim was accepted into a transitional housing program and is not able to secure a Transitional Housing Program-funded housing unit during the reporting period. This victim also requested advocacy services from your agency during the reporting period. Your agency provides advocacy services using some other funding stream to preserve the victim's time with grant-funded housing whenever a unit eventually is secured. Report this victim as "not served" because the victim was not able to secure a Transitional Housing Program-funded housing unit during the reporting period and was not able to begin receiving the grant-funded services that they requested.

EXAMPLE 2: Not Served

A victim was accepted into a transitional housing program and their housing unit is funded through some other funding source. This victim requested Transitional Housing Program-funded housing advocacy services and grant-funded counseling services from your agency during the reporting period. You were not able to provide either of these services due to the counselor having a full case load and the advocate being unable to meet the victim at the hours requested. Report this victim as “not served” because the victim was not able to receive the Transitional Housing Program-funded services that they requested.

EXAMPLE: When someone should not be reported

A Transitional Housing Program-funded outreach worker sent out letters to 175 victims of domestic violence based on police reports of domestic violence incidents. These letters were sent to inform victims of services available at the agency. Of the 175 victims contacted through this unsolicited outreach, 35 victims contacted the agency to request Transitional Housing Program-funded services. Report the 35 victims who requested Transitional Housing-funded services in Victim Services Question 2. Do not report on the other 140 victims in this question because they did not accept/request a Transitional Housing Program-funded service.

3. Number of victims who received Transitional Housing Program-funded services for multiple victimizations

Report an unduplicated count of victims reported in the previous question who received Transitional Housing Program-funded support for more than one victimization.

4. Select all the additional victimization types, including specific forms of abuse, for which these victims received Transitional Housing Program-funded services

Check all that apply. If you have reported at least one victim in Question 3, you must check at least one box in Question 4. This applies regardless of when the additional victimization happened, so long as the victim received grant-funded services for it during the current reporting period.

- **Sexual assault:** Any nonconsensual sexual act proscribed by Federal, Tribal, or State law, including when the victim lacks capacity to consent.
- **Domestic violence:** Includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction and includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim, is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner,

shares a child in common with the victim or who commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

- **Dating violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship is determined by the length of the relationship, the type of relationship, and the frequency of interaction between the people involved in the relationship.
- **Stalking:** A course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.
- **Female genital mutilation/cutting (FGM/C):** FGM/C refers to procedures involving partial or total removal of female genitalia or other injury to female genital organs for any cultural, religious, or nontherapeutic purpose.
- **Adult victim of child sexual abuse:** A victim who is a legal adult over the age of 18 at the time they seek support services because they suffered any nonconsensual sexual act proscribed by federal, Tribal, or state law when the victim lacked capacity to consent as a legal minor under the age of 18.
- **Sex Trafficking:** The recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of a commercial sex act. Causing a person who has not attained the age of 18 years to engage in a commercial sex act regardless of consent.
- **Labor Trafficking:** The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, by force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.
- **Economic abuse:** Within the context of domestic, dating violence, and abuse in later life is behavior that is coercive, deceptive, or unreasonably controls or restrains a person's ability to acquire, use, or maintain economic resources to which they are entitled. This includes using coercion, fraud, or manipulation to restrict a person's access to money, assets, credit, or financial information; unfairly using a person's personal economic resources, including money, assets, and credit for one's own advantage, or exerting undue influence over a person's financial and economic behavior or decisions, including forcing default on joint or other financial obligations, exploiting powers of attorney, guardianship, or conservatorship, or failing or neglecting to act in the best interests of a person to whom one has a fiduciary duty.
- **Technological abuse:** An act or pattern of behavior that occurs within domestic violence, sexual assault, dating violence or stalking and is intended to harm, threaten, control, stalk, harass, impersonate, exploit, extort, or monitor, except as otherwise permitted by law, another person that occurs using any form of technology, including but not limited to: internet enabled devices, online spaces and platforms, computers, mobile devices, cameras and imaging programs, apps, location tracking devices, or communication technologies, or any other emerging

technologies.

- **Forced marriage:** A marriage to which one or both parties do not or cannot consent and in which one or more elements of force, fraud, or coercion is present. Forced marriage can be both a cause and a consequence of domestic violence, dating violence, sexual assault or stalking.

5. Describe how Transitional Housing Program funds were used to serve victims who received grant-funded services for multiple victimizations.

For example, this space could be used to describe the prevalence of co-occurring victimizations in the community or the comprehensive wrap-around services the grantee provided victims who disclosed multiple victimization types.

6. Number of secondary victims served

Each secondary victim who received Transitional Housing Program-funded services during the current reporting period should be counted only once.

DEFINITION: Secondary Victims

Secondary victims are those who are indirectly affected by the domestic violence, dating violence, sexual assault, and/or stalking. For the purposes of this reporting form, children are younger than 18 years old, and other dependents are 18 years old or older.

DEFINITION: Served, Partially Served, and Not Served

When determining how to report a child or other dependent as served, partially served or not served, consider their choice in accepting or receiving a Transitional Housing Program-funded service.

- **Served:** Received all Transitional Housing Program-funded services they requested.
- **Partially Served:** Received some but not all Transitional Housing Program-funded services they requested.
- **Not Served:** Did not receive any of the Transitional Housing Program-funded services they requested.

EXAMPLE 1:

A victim of domestic violence entered a Transitional Housing Program-funded shelter with her three children who are all younger than 18 years old. The grantee would report the victim of as “served” in Victim Services Question 2 because she received the Transitional Housing Program-funded service she requested. The grantee would also report three children as served in Victim Services Question 6 because they received a Transitional Housing-funded service.

EXAMPLE 2:

A victim of domestic violence and her two teenage children entered a program-rented housing unit during the reporting period. Transitional Housing Program grant funds were used to pay for the rent and utilities of the unit. The victim’s two children are 17 and 19 years old. Report the victim as “served” in Victim Services Question 2 because she received the Transitional Housing Program-funded service she requested. Report

the 17-year-old as a child in Victim Services Question 6 and report the 19-year-old as a dependent in Victim Services Question 6, because these two secondary victims received a Transitional Housing Program-funded service along with the primary victim.

7. Select all of the reasons primary victims who requested Transitional Housing-funded services were partially or not served

Indicate all programmatic reasons for partially served and not served victims. Reporting victims as partially served and not served does not reflect negatively on the agency. This information is being collected to identify unmet needs and barriers to service. OVV acknowledges that funded programs may not be able to serve all victims who request services.

DEFINITION: Reason Categories

- **Conflict of interest:** The program could not serve the victim because current or previous relationships with that victim or other parties related to that victim would interfere with the ability of the program to serve that victim. For example, a Transitional Housing Program-funded counselor declined to work with a victim because of a prior non-professional relationship with the victim.
- **Did not meet statutory requirements:** The program could not serve the victim with the Transitional Housing-funded service requested because the victim did not meet requirements of statute. For example, a victim requested help with a divorce, but did not meet statutory residency requirements to file for a divorce in the jurisdiction.
- **Hours of operation:** Hours during which the program provides services were not compatible with the hours the victim was available to receive requested services. For example, a victim was only available to receive counseling after 6pm due to their work schedule, but the program was closed after 5pm and could not provide the Transitional Housing-funded counseling requested.
- **Insufficient or lack of culturally specific services:** Services currently provided under the subgrant are not culturally specific for the victim. For example, a victim requested a counselor with a particular ethnic background to incorporate cultural practices into the counseling, but the program did not have a staff member to meet that request and referred the victim to another program to best meet the needs of the victim.
- **Insufficient or lack of agency capacity to provide language access (including sign language or assistive communication devices):** Interpreter and/or translation services were not available when the victim requested to receive Transitional Housing Program-funded services.
- **Insufficient or lack of services for people with disabilities:** The Transitional Housing-funded services were not accessible to a victim with disabilities. For example, a Transitional Housing-funded shelter has a rule against care attendants accompanying victims, and this prevented a victim with disabilities from being able to receive the Transitional Housing Program-funded shelter services.

- **Insufficient or lack of services for people who are D/deaf or hard of hearing:** The services provided under the subgrant were not accessible to people who are D/deaf or hard of hearing.
- **Lack of childcare:** The victim was unable to receive requested Transitional Housing-funded services because they needed childcare to attend/receive the Transitional Housing-funded services but there was no childcare available.
- **Program reached capacity:** Program was operating at full capacity when a victim requested a Transitional Housing-funded service. This includes instances where Transitional Housing-funded staff caseloads were full and they could not accept additional clients, as well as instances when all available Transitional Housing Program-funded shelter services were at capacity when a victim requested shelter.
- **Program rules not acceptable to victim:** A victim was technically eligible to receive a Transitional Housing-funded service, but the victim was not willing to comply with rules of the program.
- **Program unable to provide service due to limited resources:** Limited resources may include situations where the Transitional Housing-funded activity was unavailable or entirely spent down. For example, the program had to turn down Transitional Housing-funded transportation requests because the budget for that type of service was maxed out for the reporting period.
- **Services inappropriate or inadequate for people with mental health issues:** Staff were not able, for any reason, to provide appropriate or adequate services for a victim with mental health problems. For example, the program did not have overnight staff, and the victim needed 24-hour supervision.
- **Services inappropriate or inadequate for people with substance abuse issues:** Staff were not able, for any reason, to provide appropriate or adequate services for a victim with substance abuse problems. For example, the Transitional Housing-funded staff were not trained in best-practices for supporting substance abuse issues in a clinical setting, and so a victim with substance abuse issues who was requesting Transitional Housing-funded services was referred to another agency.
- **Services otherwise not appropriate for victim:** For any reason, the program determined that a Transitional Housing-funded service being requested by a victim was not appropriate for the victim, perhaps for clinical reasons or programmatic reasons.
- **Transportation:** The victim was unable to arrange for transportation to receive Transitional Housing-funded services. This includes situations in which public transportation is not available or could not be paid for with Transitional Housing funds.
- **Other:** Describe any other reason for not serving that is not captured above.

Examples of Inappropriate “Other” Reasons for Partially or Not Served Victims

Below are examples of responses in the “other” category that indicate the victim should have been reported in a different category or should not have been reported at all.

EXAMPLE 1: “Victim refused services”

This is an inappropriate “other” reason because it indicates that the victim chose not to request/accept Transitional Housing-funded services. Victim choice to request and/or accept Transitional Housing-funded services is one of the most important factors to consider whether or not to report them. If Transitional Housing-funded victim services staff offered services and the victim refused the services or did not respond to accept any Transitional Housing-funded services, do not count this victim at all in the Victim Services Section.

EXAMPLE 2: “Service was not provided by our program”

This is an inappropriate “other” reason because the form is only interested in collecting data about services that were funded by the Transitional Housing Program grant. Do not consider services that were funded by other sources. Only consider the program’s ability to provide the Transitional Housing Program-funded services that a victim chose to request and/or accept when determining if the victim should be counted as served, partially served, or not served.

- If a victim only requested/accepted services that are not funded by the Transitional Housing grant, do not count this victim at all in the Victim Services Section.
- If a victim requested/accepted a Transitional Housing Program-funded service and received that service, report this victim as served. This is regardless of any service the victim requested/accepted that was not funded by the Transitional Housing Program grant.

EXAMPLE 3: “Could not locate victim”

This is an inappropriate “other” reason because it indicates that the victim chose to stop accepting/engaging in Transitional Housing Program-funded services or that the victim chose not to accept/engage in Transitional Housing Program-funded services.

- If the victim accepted some grant-funded services and then stopped accepting/engaging in Transitional Housing Program-funded services, count this victim as served.
- If the victim indicated interest in accepting a Transitional Housing Program-funded service but then never received any Transitional Housing Program-funded services because they chose not to attend scheduled services or they chose not to answer phone calls, do not count this victim. The victim did not end up accepting Transitional Housing Program-funded services.

EXAMPLE 4: “Victim withdrew”

This is an inappropriate “other” reason because it indicates that the victim chose to stop accepting/engaging in Transitional Housing Program-funded services. Even though the agency might consider the services incomplete, the reporting form is asking about the victim’s choice to accept/receive Transitional Housing Program-funded services.

- If the victim received as much of the Transitional Housing Program-funded services as they wanted to accept, and then chose to withdraw from services, report this victim as served.
- If the victim initially indicated that they would accept/request Transitional Housing

Program-funded services, went through an intake process, and then chose to withdraw their request for services, do not report this victim. The victim did not end up accepting Transitional Housing Program-funded services.

8. Describe why grant-funded services were not provided, including barriers/challenges your agency faced when providing Transitional Housing Program-funded services, and how those barriers impacted victims/survivors.

Responses must be limited to 2,000 characters.

9. Race/ethnicity

Report only on the victims reported as served and partially served. Do not report demographics for secondary victims.

Report victims in each category they identify as. At least one race/ethnicity must be reported for each victim reported as fully served and partially served. Those victims for whom race/ethnicity is not known should be reported in the “unknown” category. The total race/ethnicity reported must be equal to or greater than the number of victims reported as served and partially served.

10. Sex

Report only on the victims reported as served and partially served. Do not report demographics for secondary victims.

Report victims/survivors in each category that applies.

Due to [Presidential Executive Order 14168](#) and accompanying guidance from the Office on Management and Budget, OVW amended demographic questions as follows. The term “gender” was changed to “sex,” and the available responsive categories were limited to “male” and “female.” Grantees should report the data that is relevant to those categories in those categories. Grantees should not report data for victims for whom sex is unknown. The total number of victims reported in this section must be less than or equal to the total number of victims served and partially served. As always, victims do not have to share their demographic information to obtain services. Please direct any questions to OVW.Research@usdoj.gov.

11. Age

Report only on the victims reported as served and partially served. Do not report demographics for secondary victims.

Report the age of each victim reported as fully and partially served. Exactly one age must be reported for each victim reported as fully and partially served. Those victims for whom the age is not known should be reported in the “unknown” category. The total age reported must be equal to the number of victims reported as served and partially served.

12. Victim services

Based on the victims reported as served and partially served, report the number of primary victims who received Transitional Housing Program-funded services during the current reporting period. Count each victim only once for each type of service that the victim received under the “Number of victims served” column.

Under the “Number of times service was provided” column, report the total number of times victims received the Transitional Housing Program-funded service during the current reporting period. The total for each type of service under the “Number of victims served” column should not be higher than the total number of victims reported as served and partially served. Do not report secondary victims receiving services in this question. Legal assistance provided by a Transitional Housing Program-funded attorney or paralegal should be reported in the Legal Services Section.

DEFINITION: Types of service

- **Civil legal advocacy/court accompaniment:** Assisting a victim with civil legal issues, including preparing paperwork for protection orders; accompanying a victim to a protection order hearing or other civil proceeding; and all other advocacy within the civil justice system. This also includes accompanying a victim to an administrative hearing, such as unemployment, Social Security, TANF, or SNAP hearing.
- **Counseling services/support group:** Individual or group counseling or support provided by a volunteer, peer, or professional.
- **Criminal justice advocacy/court accompaniment:** Assisting a victim with criminal legal issues including notifying the victim of case status, hearing dates, plea agreements, and sentencing terms; preparing paperwork such as victim impact statements; accompanying a victim to a criminal court proceeding or law enforcement interview; and all other advocacy within the criminal justice system.
- **Crisis intervention:** Process by which a person identifies, assesses, and intervenes with an individual in crisis to restore balance and reduce the effects of the crisis in their life. Report crisis intervention that occurs in person and/or over the telephone.
- **Culturally specific services:** Any services specifically designed to meet the cultural preferences/ideologies of the population of victims, including culturally-specific counseling/therapy, culturally-specific support groups etc.
- **Employment counseling:** Activities and support designed to assist a victim/survivor in obtaining employment, such as coaching and support with exploring career options, job searches, resume-writing, marketing, and practicing for job interviews.
- **Information provided on economic matters:** Advice, information, education or other supportive services designed to assist a victim with issues related to financial stability, such as improving credit, retiring debt, setting up bank accounts, managing household finances, negotiating with lenders or landlords, developing budgets, managing financial assets, making major purchases such as a home or auto, and filing tax returns.
- **Job training:** Training provided to a victim intended to enable them to acquire job readiness or specific vocational skills, such as computer literacy instruction.

- **Language services:** Provision of interpretation and/or translation.
- **Economic or material assistance:** Using grant funds to provide victims/survivors with clothing, food or personal items. Please note: Providing referrals to other organizations that can assist victims/survivors with material goods should be reported under “other victim/survivor advocacy.”
- **Transportation:** Provision of transportation, either directly or through bus passes, taxi fares, or other means of transportation
- **Victim advocacy:** Actions designed to help the victim obtain needed resources or services including employment, housing, shelter services, health care, victim’s compensation, etc.
- **Other:** Services that are not covered in the above available categories.

13. Support Services for Children and Other Dependents

For those children and other dependents reported in Question 6 of the Victim services section, report the number who received each of those support services during the current reporting period.

DEFINITION: Types of service

- **Child care:** Group or individual child care for persons under age 18. (Refer to your state child care licensing guidelines.)
- **Children’s activities:** Age appropriate activities for children of victims/survivors. This may include, but is not limited to, age appropriate books, art, play and learning activities.
- **Counseling/support group:** Individual or group counseling or support provided by a volunteer, peer, or professional.
- **Crisis intervention:** Process by which a person identifies, assesses, and intervenes with an individual in crisis to restore balance and reduce the effects of the crisis in her/his life. Crisis intervention services may be provided in person or over the telephone.
- **Information provided on economic matters:** Advice, information, education or other supportive services designed to assist a victim with issues related to financial stability, such as improving credit, retiring debt, setting up bank accounts, managing household finances, negotiating with lenders or landlords, developing budgets, managing financial assets, making major purchases such as a home or auto, and filing tax returns.
- **Language services:** Provision of interpretation and/or translation.
- **Economic or material assistance:** Using grant funds to provide victims/survivors with clothing, food or personal items. Please note: Providing referrals to other organizations that can assist with material goods should be reported under “other victim/survivor advocacy.”
- **Transportation:** Provision of transportation, either directly or through bus passes, taxi fares, or other means of transportation

- **Victim/survivor advocacy:** Actions designed to help the victim/survivor obtain needed resources or services including employment, health care, victim's compensation, etc. Advocacy would also include accompanying a victim/survivor to an administrative hearing, such as unemployment, Social Security, TANF, or food stamp hearing.
- **Other:** If due to unusual circumstances, the support services listed above do not capture the services the child and/or other dependent received, describe those services here.

14. Did your Transitional Housing Program grant-funded program provide follow-up services to victims/survivors that exited, completed or were terminated from transitional housing?

Select "yes" if Transitional Housing Program funds were used to provide follow-up services to victims/survivors that exited, completed or were terminated from transitional housing.

15. Follow-up support services

For the victims/survivors, children, and other dependents who exited, completed, or were terminated from the residential component of the program, report the number who received each of these follow-up support services during the current reporting period.

DEFINITION: Types of service

- **Case management:** A collaborative process of assessment, planning, facilitation and advocacy for options and services to meet an individual's needs through communication and available resources to promote the desired outcomes.
- **Civil legal advocacy/court accompaniment:** Assisting a victim with civil legal issues, including preparing paperwork for protection orders; accompanying a victim to a protection order hearing or other civil proceeding; and all other advocacy within the civil justice system. This also includes accompanying a victim to an administrative hearing, such as unemployment, Social Security, TANF, or SNAP hearing.
- **Counseling services/support group:** Individual or group counseling or support provided by a volunteer, peer, or professional.
- **Criminal justice advocacy/court accompaniment:** Assisting a victim with criminal legal issues including notifying the victim of case status, hearing dates, plea agreements, and sentencing terms; preparing paperwork such as victim impact statements; accompanying a victim to a criminal court proceeding or law enforcement interview; and all other advocacy within the criminal justice system.
- **Crisis intervention:** Process by which a person identifies, assesses, and intervenes with an individual in crisis to restore balance and reduce the effects of the crisis in their life. Report crisis intervention that occurs in person and/or over the telephone.
- **Employment counseling:** Activities and support designed to assist a victim/survivor in obtaining employment, such as coaching and support with exploring career options, job searches, resume-writing, marketing, and practicing for job interviews.

- **Information provided on economic matters:** Advice, information, education or other supportive services designed to assist with issues related to financial stability, such as improving credit, retiring debt, setting up bank accounts, managing household finances, negotiating with lenders or landlords, developing budgets, managing financial assets, making major purchases such as a home or auto, and filing tax returns.
- **Job training:** Training intended to enable them to acquire job readiness or specific vocational skills, such as computer literacy instruction.
- **Language services:** Provision of interpretation and/or translation.
- **Economic or material assistance:** Using grant funds to providing clothing, food or personal items. Please note: Providing referrals to other organizations that can assist with material goods should be reported under “Victim/survivor advocacy.”
- **Transportation:** Provision of transportation, either directly or through bus passes, taxi fares, or other means of transportation
- **Victim/survivor advocacy:** Actions designed to help the victim obtain needed resources or services including employment, housing, shelter services, health care, victim’s compensation, etc.
- **Other:** Services that are not covered in the above available categories.

16. Discuss the effectiveness of victim services and legal services supported by your Transitional Housing Program grant and to provide any additional information you would like to share.

For example, this space could be used to describe the promising practices Transitional Housing Program-funded staff are implementing to respond to victims or how Transitional Housing Program funds have impacted the agency’s capacity to provide services.

Responses must be limited to 2,000 characters.

Legal Services

17. Were Transitional Housing funds used to provide legal services to victims during the current reporting periods?

Select “yes” if Transitional Housing Program-funded staff (i.e., attorneys or paralegals) provided these services or Transitional Housing Program funds were used to support these services during the current reporting period.

The VAWA 2022 reauthorization expanded the definition of legal assistance to cover assistance provided by attorneys, Board of Immigration Appeals (BIA) accredited representatives, Veterans’ Affairs (VA) authorized representatives, and lay advocates in Tribal court; and to include assistance in restorative practice processes and in post-conviction relief proceedings where conviction of a victim arose from the victimization.

All victims reported in the Legal Services Section must be reported in the Victim Services

Section.

18. Number of victims who received assistance with legal issues.

Report an unduplicated count of victims who received assistance with at least one legal issue during the current reporting period. If a victim received assistance with more than one legal issue, count that individual once in this question and then also count that individual once in the following question. The number of victims reported as receiving assistance with legal issues cannot be greater than the number of victims reported as served and partially served in Victim Services Question 2.

19. Number of victims who received assistance with multiple legal issues.

Of the victims who received assistance with legal issues, report the number of victims who received assistance with more than one type of legal issue during the current reporting period. The total number of victims reported in this question cannot be greater than the total number of victims reported in Legal Services Question 2.

20. Legal issues

Under “Number of victims receiving legal assistance,” report the number of primary victims who received legal assistance from Transitional Housing Program-funded attorneys or paralegals during the current reporting period. Count a victim once in each legal issue category for which they received assistance with Transitional Housing Program grant funds.

Under “Number of cases closed or issues resolved,” report each case that was closed and each legal issue that was resolved during the current reporting period for which services were provided by Transitional Housing Program-funded attorneys or paralegals. Do not include cases that are pending or were not yet closed during the reporting period. “Number of cases closed or issues resolved” may be less than “Number of victims receiving legal assistance.”

EXAMPLE:

During the current reporting period, the VAWA Program-funded attorney represented a victim in a divorce proceeding involving child, as well as a bankruptcy case. The attorney also helped the victim obtain a final protection order against a stalker. The family law matter was not resolved by the end of the reporting period. In the “Number of victims receiving legal assistance” column, this would be reported as (1) Protection orders, (1) Family law matters, and (1) Consumer/finance. In the “Number of cases closed or issues resolved” column, (1) Protection orders and (1) Consumer/finance would be reported, with family law matters not included because they remained open.

Housing Units

21. Were Transitional Housing Program funds used to support housing units?

If Transitional Housing Program funds were used to support housing units (program-owned units, program-rented units and/or units paid for with vouchers or rent subsidies), select “yes.”

All victims reported in the Housing Section must be reported in the Victim Services Section.

22. Type and number of housing units funded

Report the number of housing units supported with Transitional Housing Program funds by type and number of housing units. This should be an unduplicated count of units.

DEFINITION: Type of housing unit

- **Program-owned:** The transitional housing owns the housing unit(s) and is responsible for the housing unit(s). Activities may include using funds to provide property management duties, funding janitorial or security staff, using funds to pay for utilities, or using funds to make necessary repairs and/or to provide property maintenance. If grantees are using Transitional Housing funds for case management or other support services only, they should check no in Section A2 and report those services in question 28.
- **Program-rented:** The Transitional Housing rents the housing unit(s) and sublets the unit(s) to program participants. Typically, the grantee agency’s name is on the lease.
- **Vouchers/rent subsidies:** The Transitional Housing provides victims/survivors with rent vouchers, or assists with rent payments, that are used to make payment to a third-party owned unit(s). Typically, the victim’s name is on the lease.
- **Scattered units:** Individual housing units located throughout the community or service area.
- **Clustered units:** Multiple housing units located in one building or complex.
- **Co-located with domestic violence emergency shelter:** Housing unit(s) located in the same building or on the same property as a domestic violence emergency shelter.
- **Co-located with homeless emergency shelter:** Housing units located in the same building or on the same property as a homeless emergency shelter.

EXAMPLE 1:

Your Transitional Housing Program owns a 6-unit apartment building used to provide transitional housing to victims/survivors of domestic violence. Report “6” under the type of housing unit “Clustered” in the “Program-owned units” column.

EXAMPLE 2:

Using Transitional Housing Program funds, a domestic violence emergency shelter dedicated one bedroom in the shelter as a transitional housing unit. The shelter is owned by the agency. In addition, the Transitional Housing Program is able to fund rent

subsidies for up to 5 victims/survivors (at any given time) to rent apartments at a specific apartment complex in the community. Report “1” under the type of housing unit “Co-located with domestic violence emergency shelter” in the “Program-owned units” column. Also report “5” under the type of housing unit “Clustered” in the “Vouchers/rent subsidies” column.

23. Number of units that are accessible to people with disabilities.

Report the number and type of housing units supported with grant funds that are accessible to people with disabilities.

For the total units reported in question 2, indicate how many are accessible to people with disabilities. The total number of units reported here should not exceed the total of units in question 2.

DEFINITION: People with disabilities

A person who has significant limitation in activities of daily living. This may include people who are blind or vision impaired, people who are deaf or hearing impaired, people with physical disabilities, and people with diagnosed mental illness, if their activities are so limited.

24. Number of victims/survivors, children, and other dependents not served or partially served solely due to lack of available housing.

Of the victims/survivors, children, and other dependents that were reported as partially served or not served in Question 2 of the Victim Services section, report those that were partially served or not served due solely to the lack of available housing.

This includes victims/survivors, children and other dependents who may be on a waiting list for a housing unit but did not move into a unit during the current reporting period. The total number of victims/survivors, children and other dependents reported here may not exceed the total of the number partially and not served as reported in Question 2 of the Victim Services section.

25. Housing services

Regardless of unit type (program owned, program rented, or vouchers/rent subsidies), grantees who provide transitional housing are asked to capture bed nights.

Of the victims/survivors, children, and other dependents that were reported as served or partially served in the Victim Services section, report here on those that received shelter services during the current reporting period.

Under “Victim/survivors,” “Children,” and “Other dependents” provide an unduplicated count of the number of people who received Transitional Housing-funded shelter services during the 6-month reporting period. For “Number of bed nights,” provide a total number of nights for those victims/survivors and family members during the 6-month reporting period.

Bed nights are determined by multiplying the total number of victims/survivors, children and other dependents by the total number of nights each person stayed in the transitional

housing unit, during the current report period. Reminder: only consider bed nights that were grant-funded during the current 6-month reporting period.

EXAMPLE:

A victim/survivor and her three children are residents in a Transitional Housing Program-funded housing unit. Two of the victim's children are younger than 18 years old. The third child is older than 18 so they will be reported as a dependent. This family resided at the transitional housing unit for 6 months during the current reporting period. Calculate and report these activities as follows:

Victims/survivors: 1 victim/survivor x 183 nights (6 months) = 183 bed nights

Children: 2 children x 183 nights (6 months) = 366 bed nights

Other dependents: 1 other dependent x 183 nights (6 months) = 183 bed nights

26. Transitional housing and destination upon exit

For those victims/survivors that exited Transitional Housing Program grant-funded units (regardless of unit type) during the current reporting period, report the number of victims/survivors in each destination category upon them exiting. Only report victims/survivors who exited because they either reached the maximum time allowed in the program or the program services were no longer required or desired. Do not report victims/survivors who were evicted or asked to leave the program prior to completion. This question should only be completed by grantees that are using funds to provide housing units as described in question 2 of this section.

EXAMPLE:

Five victims/survivors exited Transitional Housing Program-funded housing units during the current report period. One resident received Section 8 housing and moved into an apartment. One resident decided to return home. Two residents found temporary housing with family members and moved to another state. One resident was admitted to a health care facility. For the five victim/survivors' destinations upon exit, report 1 under "health care facility," 2 under "Permanent housing of choice," and 2 under "temporary housing with family and friends."

27. Victim/survivor perception of risk of violence upon exit

For those victims/survivors reported in Question 6 who exited Transitional Housing Program grant-funded units (regardless of unit type) during the current reporting period, report the number of victims/survivors who indicated each of the following perceptions about their risk of future violence from their abuser, at the time the victim/survivor exited the program.

Indicate whether the victim/survivor felt they were at equal risk of violence, less risk of violence or greater risk of violence compared to the risk of violence when they first sought services from your Transitional Housing Program. This is a question asked of the victim/survivor at the time of exit and requires the victim/survivor to report their perception of current risk compared to previous risk.

If your agency does not ask victims about their perception of risk when they exit the residential part of the program, report the victim in the "Unknown" category.

DEFINITIONS:

- **Unknown:** At exit, the victim/survivor does not provide this information.
- **Does not know:** At exit, the victim/survivor is asked about their perception of risk but does not know the answer.

28. Length of stay/exited

For victims/survivors, children, and other dependents who exited your Transitional Housing Program-funded units (regardless of unit type) during the current reporting period, report the total number of months each person stayed in the housing program.

EXAMPLE:

One victim and her two children stayed in the Transitional Housing for 16 months and then moved to another state to live with relatives. Report this as follows:

16 months: 1 victim/survivor and 2 children

29. Reason for termination and destination upon termination

For victims/survivors who received Transitional Housing Program-funded transitional housing and who were terminated from the program during the current report period, report the reason they were terminated and their destination upon termination. In this question, only report victims/survivors who were terminated before they reached maximum time allowed in your program and who still required or desired program services. This is an unduplicated count. Do not report victims/survivors who exited the program by completing the program, reaching maximum time allowed, or left the program because they no longer needed services—instead report those victims/survivors in question 6 of this section (Transitional Housing).

DEFINITION:

- **Chronic non-payment of rent:** Failure to pay rent (or that portion for which the victim/survivor is responsible) to either the Transitional Housing or a third-party property owner/manager.
- **Non-compliance with program rules:** For program-managed housing, violation of any program rules, except non-payment of rent.
- **Violation of lease agreement:** For non-program managed housing, violation of any lease agreement, except non-payment of rent.

EXAMPLE:

Four victims/survivors were terminated from your Transitional Housing Program-funded housing units during the current report period. One resident repeatedly violated program rules by having unauthorized persons staying in the unit; this resident moved into permanent housing. Two residents were terminated for chronic non-payment of rent; both moved in with family members. One resident's drug use became a danger to other residents and the resident was admitted to a substance abuse treatment facility. Report the reason for termination and destination upon termination as follows:

Chronic non-payment: Temporary housing with family – 2

Non-compliance with program rules (excluding non-payment of rent):

Permanent housing of choice – 1; Substance abuse treatment program – 1

30.Length of stay/terminated

For victims/survivors, children and other dependents reported in Question 9 who were terminated from the residential part of the Transitional Housing grant-funded housing during the current reporting period, report the total number of months each person stayed in transitional housing.

EXAMPLE:

Your agency terminated a victim from your Transitional Housing grant-funded residential unit during the current report period. The victim had 3 children under the age of 18 years old also living in the grant-funded unit with them. The victim and her 3 children had been living there for 10 months when your agency discovered the family was in violation of the program rules. Report this as follows:

10 months: 1 victim/survivor and 3 children

31.Discuss the effectiveness of housing assistance funded or supported by your Transitional Housing Program grant.

If you have data or information regarding your program that would more fully or accurately reflect the effectiveness of your Transitional Housing Program, provide it here. If you have not already done so elsewhere on this form, feel free to discuss any of the following: policies and/or protocols, community collaboration, the removal or reduction of barriers and challenges for victims/survivors, promising practices, and positive or negative unintended consequences.

Responses must be limited to 2,000 characters.

Narrative

Never Include Personally Identifiable Information

When writing about the impact of funding and services, never include any information about victims/clients that would allow them to be identified. For example, never include a person's name, address, birth date, case numbers, or anything else in the performance report anywhere. Doing so would breach the person's rights to confidentiality and privacy.

How is narrative data used?

- **Monitoring:** Each OVW Program Specialist has the responsibility to track grantee's progress and compliance both financially and programmatically. Narrative data supports OVW in monitoring how funds were spent.
- **Understanding Numerical Data:** The narrative data grantees provide can give context and story to the numerical data reported. Narrative fields can be used to explain an increase or a decrease in a certain Transitional Housing-funded activity, or a staff vacancy. This can also allow VAWA MEI to identify possible misunderstandings in the numerical data and provide support and technical assistance.
- **Biennial Report to Congress:** OVW is required by statute to report to Congress on the use of VAWA funds. These reports to Congress include both aggregate numbers and highlights from narrative data. Quotes from narrative data help tell the story behind the numbers. These quotes can highlight successes, difficulties, barriers to providing services, and needs for policy and legislation.

1. Report on your Transitional Housing Program grant goals, objectives, and activities as of the end of the current reporting period.

This question is required.

Briefly report on the status of the goals and objectives as they were identified in your grant proposal or as they have been added or revised. Your goals and objectives should be those identified in your grant proposal or as revised. Indicate whether the activities related to your objectives for the current reporting period have been completed, are in progress, are delayed or have been revised. Comment on your successes and challenges and provide any additional explanation you feel is necessary for us to understand what you have or have not accomplished relative to your goals and objectives.

If you have not accomplished objectives that should have been accomplished during the current reporting period, you must provide an explanation.

EXAMPLE: Grant goals and objectives response

- **Objective:** Coordinate the sharing of information concerning domestic violence and sexual assault offenses on the reservation with local law enforcement agencies.
- **Activity:** Hire data specialist to create tracking system for sharing information
- **Status:** Delayed.
- **Comments:** We hired someone who left the position because of a family emergency six weeks after they were hired. We are interviewing new candidates and hope to have someone in the position by the next reporting period.

Responses must be limited to 100 characters for “Status,” 1,750 characters for “Objective,” 1,750 characters for “Activity,” and 500 characters for “Comments.”

2. What do you see as the most significant areas of remaining need, with regard to improving services to victims/survivors; increasing victims/survivors’ safety, and enhancing community response?

This question is required for the January-June reporting period.

Describe any significant remaining areas of need. Consider geographic regions, jurisdictional issues, service delivery systems, types of victimizations, and challenges and barriers unique to your service area.

Responses must be limited to 8,000 characters.

3. What has the Transitional Housing Program funding allowed you to do that you could not do prior to receiving this funding?

This question is required for the January-June reporting period.

Use this space to describe anything Transitional Housing Program funding has enabled the grantee to do that could not be done before receiving the grant funding.

Responses must be limited to 8,000 characters.

4. As you finalize your OVW award, please describe any lessons learned regarding the most effective approaches in implementing your project.

This question is required if this is your final report.

Share examples from cases or measurable impacts on response indicators.

5. Provide additional information regarding the effectiveness of your grant-funded program.

This question is optional and strongly encouraged.

Use this space to describe any topics such as promising practices the Transitional Housing Program-funded program used or relationship building among community partners.

Responses must be limited to 8,000 characters.

EXAMPLE:

“Our Transitional Housing Program-funded victim advocate served on a task force examining ways the criminal justice system could be more responsive to victims/survivors of sexual assault. As a result, a Sexual Assault Response Team was implemented on the reservation with protocols for forensic exams with a local hospital.”

6. Provide any additional information that may provide explanation about the data submitted.

This question is optional.

If you have any information that could be helpful in understanding the data you have submitted in this report, please answer this question.

Responses must be limited to 8,000 characters.

EXAMPLE:

- If one agency submitted two different progress reports for the same reporting period, explain how the data was divided between the two reports;
- If the Transitional Housing Program-funded staff were not able to conduct the expected activities due to things such as illness, FMLA, or other extended leave;
- If the agency receiving funds did not use Transitional Housing Program funds to support staff or activities during the reporting period, please explain how the funds were used; or
- If the grantee was not able to obtain data to answer a required question.
