

U.S. Department of Justice Office on Violence Against Women
**Semi-Annual Performance Report for the Restorative Practices
Program**

Brief Instructions

This reporting tool details the Semi-Annual Performance Report questions for the Restorative Practices Program (RP). A report must be completed for each grant received. Grant partners may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees must complete the required sections. Required questions are marked with an asterisk (*). For all other sections, grantees must answer an initial question about whether they used Restorative Practices Program funds to support certain activities during the current reporting period. If the response is yes, then the grantee must complete that section. If the response is no, the rest of that section is skipped.

The activities of volunteers or interns should be reported if they were coordinated or supervised by Restorative Practices Program-funded staff or if Restorative Practices Program funds substantially supported their activities.

For further information on filling out this report, refer to the separate instructions, which contain detailed definitions and examples.

Public Reporting Burden

Paperwork Reduction Act Notice. Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. We try to create forms and instructions that are accurate, can be easily understood, and which impose the least possible burden on you to provide us with information. The estimated average time to complete and file this form is 60 minutes per form. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, you can write to the Office on Violence Against Women, U.S. Department of Justice, 145 N Street NE, Washington, DC 20530.

The term **domestic violence/dating violence** applies to any pattern of abusive behavior that is used by one person to gain power and control over a current or former intimate partner or dating partner. **Stalking** is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety, or the safety of others, or suffer substantial emotional distress. 2. Staff

Report the total number of full-time equivalent (FTE) staff funded by the Restorative Practices Program grant during the current reporting period.

- *Reporting 1.00 FTEs means a staff person worked full-time and was 100% funded by the grant for the entire reporting period. Typically, one FTE is equal to 1,040 hours (40 hours per week multiplied by 26 weeks).*
- *FTEs should be prorated to reflect when a staff person did not work-full time and/or when was not 100% funded by the Restorative Practices Program grant for the entire reporting period.*
- *Report staff by the function(s) they performed, not by title.*
- *Round and report FTEs to the second decimal place. For example, if you calculate an FTE to be 0.66667, then rounding to the second decimal would mean this FTE would be reported as 0.67 FTE.*

2. **Number of victims/survivors who were fully served, partially served, and not served**

Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who requested or accepted Restorative Practices Program-funded services during the current reporting period should be counted only once in that reporting period. If the victim/survivor experienced more than one victimization, that person should be counted only once under the presenting victimization. Do not report secondary victims here.

Served: A victim/survivor should be reported as served if they requested and/or accepted grant-funded services and the program was able to provide all of those services.

Partially Served: A victim/survivor should be reported as partially served if they accepted and/or requested grant-funded services and the program was able to provide some, but not all, of those services.

10. Sex

Report victims/survivors in each category that applies.

Due to Presidential [Executive Order 14168](#) and accompanying guidance from the Office on Management and Budget, OVW amended demographic questions as follows. The term “gender” was changed to “sex,” and the available responsive categories were limited to “male” and “female.” Grantees should report the data that is relevant to those categories in those categories. Grantees should not report data for victims for whom sex is unknown. The total number of victims reported in this section must be less than or equal to the total number of victims served and partially served. As always, victims do not have to share their demographic information to obtain services. Please direct any questions to OVW.Research@usdoj.gov.

Do not capture legal assistance provided by grant-funded attorneys or paralegals in this question, as that information will be asked for in future questions. Refer to the separate instructions document for service definitions.

The first column “Number of victims/survivors served” is an unduplicated count of the number of victims/survivors who received each type of grant-funded service. No individual service category should have a number of victims served greater than the total number of victims served and partially served.

The second column “Number of times service was provided” is a total of the number of times each victim in the first column received that services type during the 6-month reporting period.
